

Are you faced with ensuring compliance of procurement processes and procedures?
Are you responsible for million pound bids in the regulated public and utilities sectors?
Do you struggle with regulatory vocabulary, policies and guidance?
Are you part of an in-house legal team requiring a library of case law and outcomes?

If you answered yes to any of the above questions, then Achilles' THEMiS could be the answer. Our web-based platform allows anytime-anywhere access to the latest EU procurement advice and documentation from our experts who have over 50 years' experience between them, assisting you in regulated procurement. The online system is an encyclopedia of EU procurement law.

What you'll get as part of our packages:

Guidance

- Ask Achilles features that allows you to get advice from experts in the field
- Over 350 frequently asked questions
