@UK PLC

@UK welcomes first 'Zanzibar' Public Sector Customer

@UK, a leading developer of software solutions to facilitate e-procurement, is pleased to welcome the announcement made today that the Department for Work and Pensions (DWP) has become the first public sector body to embrace the Zanzibar Managed Service, the Government's new public sector e-procurement and marketplace system.

The Zanzibar Managed Service is seen as a key enabler in the Government's efficiency and shared services agenda. Zanzibar is being delivered by a consortium headed by PA Consulting Group.

@UK is a member of the Zanzibar consortium with the lead role in supplier adoption, enabling suppliers to engage with the public bodies through an e-procurement platform.

Lyn Duncan, @UK Chief Executive, said:

'This is a major step forward in the government's strategy of e-procurement and @UK looks forward to helping suppliers facilitate their online trading with different government departments.'

About @UK PLC

@UK PLC is a leading developer of software solutions to facilitate e-procurement, the trading of products and services between purchasers, such as public sector bodies, and suppliers, such as SMEs as well as larger companies. @UK listed on AIM in December 2005.

The Company's approach is to work with the public sector on seeking the most efficient way to engage suppliers so that they link to an 'e' based market place. The Company has developed an attractive, low-cost, value for money offer for the suppliers of goods and services to the public sector.
